## Weatherstone at Highlands Ranch Swimming Instructors Rules and Registration

---

---

Due to concerns from residents about the number of swim instructors, frequency of swim lessons, and ensuring only Weatherstone residents are taught, the Board of Directors of Weatherstone has adopted the following policies for swimming instructions, which must be adhered to by all residents and instructors.

- Only one instructor/lesson allowed at any time.
- Pool general use takes precedence over lessons at all times.
- Lessons may take place *only* on Monday through Friday from:
  - 9-10 am
  - 2-4 pm
  - and 8-9 pm
- Cobblestone Management, on behalf of Weatherstone HOA, will assign lesson time slots to each registered instructor.
- In order to give swimming lessons, an instructor *must* be registered and have their confirmation letter with them at all times. **Any resident of Weatherstone may request the confirmation letter at any time. Failure to comply will result in suspension of registration.**
- Weatherstone residents are the *only* allowed students.
- All Weatherstone Pool Rules must be adhered to – please assure you are familiar with them.
- No instructor will be issued or loaned a key.
- Lessons must be less than three (3) students at any one time.
- Depending on interest, we may limit instructors to five (5) hours of lessons each week.
- Registration fee of \$25 per season payable by swimming instructor at time of registration is required. This will help cover the costs of managing swim lessons by our management company.
